DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

2. Claims 24 and 25 rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claims 24 and 25 are directed towards a computer readable medium containing instructions which, when executed in a system, cause said system to perform the method recited in claims 21 and 22 respectively. Nowhere in the specification is a computer readable medium storing the implementation of claimed method claims 21 and 22 supported for the claims 24 and 25 which were added in the amendment filed 19 May 2005.

Allowable Subject Matter

3. Claims 1-23 are allowed.

Reasons for Allowance

4. The following is an examiner's statement of reasons for allowance:
5. Applicant's arguments, see pages 6 to 9 of amendment, filed 09 November 2007, with respect to claims have been fully considered and are persuasive. The 35 U.S.C. 102(e) rejection of claims 1, 4-9, 12-18, 21, 22, 24 and 25 has been withdrawn.
6. Claims 2, 3, 10, 11, 19, 20, and 23 were previously indicated as allowable in a previous Office Action.
7. Concerning claims 1, 4-9, 12-18, 21, and 22 the prior art does not teach "said control packet being configured to indicate that said operating system suffered a fault".
8. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
